Critical Application Services Pricing

Your Critical Application Services (CAS) invoice amount is based on the number of instances for the version of CAS to which you have subscribed - CAS for a specific Supported Application or CAS for a custom Java or .Net application (Custom Advanced). Each of these amounts is subject to the minimum monthly fee amount outlined in the chart below. For any given month you will pay the greater of the minimum fee amount or the Fees actually incurred by your utilization of the Services.

	AEM	ATG	Sitecore	Hybris	Magento	Custom Advanced
CAS Price Per Instance	$1,100.00	$1,300.00	$1,100.00	$1,300.00	$1,000.00	$1,000.00
Minimum Spend	$8,800.00	$11,700.00	$8,800.00	$11,700.00	$6,000.00	$8,000.00

The following discounts will be applied at time of invoice. These discounts are based on the number of instances that are active during the billing period.
